

RAPIDO

Rapido 60 Charter / Racer

\$\$ Generate income \$\$

A Genuine Sailing Experience

The Rapido 60 (built exclusively by Triac Composites) is the day charter boat to differentiate your company. It differentiates by offering your paying passengers a genuine sailing experience where they can actually feel the wind rushing across their faces.

It's only the turning heads of passengers aboard the lumbering catamarans and slow monohulls that can keep up with the Rapido 60!

When *International Multihull World* magazine reviewed the Rapido 60, it noted that “all of the other sailboats seemed to be stuck in a sticky sea while we surfed consistently with peaks at 16 knots”.

A Chance to Charter

Are you looking to complement and differentiate your current fleet with a trimaran that puts the “S” back into “Sailing”?

Are you looking to start your own charter business that blends income with lifestyle sailing the world’s fastest cruising trimaran?

Tri the Rapido 60 Charter / Racer

A Rapido Range of Activities

As well as islands, snorkeling, lunches and sunset cocktails, for those wanting a new experience, the Rapido 60 delivers the thrill of sailing.

One can offer two or more 'just sailing' trips per day...

- Take the helm at 16 knots!
- Regatta participation
- Racing
- Team building
- Private parties
- Sail training
- Sunset sailing
- Moonlight sailing
- Overnight
- Exploration voyages
- Fishing
- Diving...
